## 1 - Essential Information

Reporting period/year:	Number of samples analyzed (1)	Number of non-compliance (2)	Uses (3) (optional)
Jan-Dec 2007	149	19	Agricultural use: 102
			Public Health use: 0
			Home and Garden use: 47
			Other uses (please specify): 0

(1) Any sample, including those of active inspection and registration control samples.

(2) Non-compliance with FAO/WHO or national pesticide specifications.

The reason of non-compliance: a: All non-compliances were related to the concentration of the active substance. In all but two cases the active substance concentration was higher than the specification with the FAO tolerance taken into account. In the remaining two cases the active substance was lower than the specification with the FAO tolerance taken into account.

(3) If possible, please indicate the use/destination of the pesticide analyzed. If the pesticide has various uses, it should be included only in one category and should be explained under item 2 (comments).
