

## Annual CIPAC/FAO/WHO Report Form on the Quality Control of Pesticides

Country/Name and Address of the Institution (contact person):

Contact person : Mrs. Hansa Chaivanit  
 Director, Bureau of Cosmetics and Hazardous Substances  
 Department of Medical Sciences (DMSc)  
 Ministry of Public Health  
 Tivanon 14 Tivanon Rd., Nonthaburi 11000  
 THAILAND

E-mail : [hansa.c@dmsc.mail.go.th](mailto:hansa.c@dmsc.mail.go.th)

### 1. Essential Information

| Reporting period/year: | Number of samples analyzed (1) | Number of non-compliance (2) | Uses (3) (optional)             |
|------------------------|--------------------------------|------------------------------|---------------------------------|
| 2011                   | 469                            | 92                           | Agricultural use : -            |
|                        |                                |                              | Public Health use : 43          |
|                        |                                |                              | Home and Garden use : 426       |
|                        |                                |                              | Other uses (please specify) : - |

- (1) Any sample, including those of active inspection and registration control samples.
- (2) Non-compliance with FAO/WHO or national pesticide specifications.  
The reason of non-compliance:
- (3) If possible, please indicate the use/destination of the pesticide analyzed. If the pesticide has various uses, it should be included only in one category and should be explained under item 2 (comments).

The number of samples analyzed in the National Post-Marketing Surveillance Program\* are 124 and 11 samples (8.9 %) are non-compliance due to the amount of active ingredient is higher (~63% of non-compliance samples) or lower (~37 % of non-compliance samples) the acceptable deviation from the labeling\*\*

\* National Post-Marketing Surveillance Program is annually implemented by Thai FDA and DMSc Ministry of Public Health.

\*\* According to the Notification of the Ministry of Public Health under the Hazardous Substances Act.

## 2. Any comments and/or background information

### 2.1 Laboratory Quality System

The Bureau of Cosmetics and Hazardous Substances, Department of Medical Sciences, Ministry of Public Health have been accredited for ISO/IEC 17025 (Testing Laboratory) in the scope of pesticide formulation since 2001 by NATA, Australia and the scope of accreditation have been extended 18 tests in 2011.

For Proficiency Testing Scheme Provider, the bureau has been accredited for ISO/IEC Guide 43-1 and ILAC G-13 by NATA, Australia since 2008. The reassessment was carried out for the new revision, ISO/IEC 17043 : 2010, in May 2011 and granted in July 2011.

### 2.2 WHO SEARO

Dr. A.P. Dash, WHO SEARO, visited the Bureau of Cosmetics and Hazardous Substances on 17 October 2011 (coordinated by WR Thailand)

## 3. CIPAC Activities

Chlorfenapyr

Organizer : Dr. Jürgen Fries
